

# FIBRELIGHT

## Helo Ladder

The Fibrelight Helo ladder has been specifically designed to exceed commercial and specialist requirements.

Developed for use on military aircraft whilst also being suitable for operations with urban and marine requirements. The Helo ladder is manufactured using robust black GRP rungs along with Fibrelights' black patented locking webbing, making the ladder perfect for all tactical uses.

The Helo ladder can be deployed rapidly and can be quickly attached using a carabiner or Maillon rapide. There are multiple modular attachments available inc. Cyalume straps and safety line loops, making the ladder adaptable to the user's specific needs.

- Single or Twin top loops available.
- Designed for professional use.
- Easy to ascend/descend.
- Ergonomic rungs, easy to grip with gloved hands.
- LINE-X texture coated rungs for grip, in all conditions.
- Rolls up to allow stowage where space is critical.

### KEY FEATURES:
